

3 year old Enrichment Program

We are continuing to offer the option for three year olds called the 3 year old Enrichment Program. Students will actually be enrolled in 2 different 3 year old classes (MWF & TTh 3 year old mornings or afternoons), thus attending 5 mornings or afternoons a week. While some activities will be repeated, i.e., Music and Bible, these students will be given enrichment activities rather than repeating every paper, project and lesson.

Any child could benefit from this program as it will allow the teacher time to help those children who are struggling in an area or to challenge those children who are ready for more advanced activities.

Parents choosing this program will pay the 5 day per week rate of \$205 per month and must select the MTWThF morning option on the registration form.
