Scripture Reading: Luke 12:22-31

In this passage, Jesus tells his followers not to worry so much about small things. He says God will always provide you with the things you truly need. God feeds, clothes, and takes care of everything. If you follow the Word of the Lord, everything you need will be given to you.

This passage fits into my life because I constantly worry about small, unimportant things. I'm sure many other people do too. When life gets busy or demanding, the little things seem to turn into big things. It gets hard to focus on what is really important. It is those times we need to pray for strength and guidance. We need to remember that God will always provide for us.

Prayer: Dear God, help us trust that you will always provide us with everything we need. Help us stop worrying and strengthen our faith. Amen
